

DE 4002 (110/240V)

Deep cleaning Steam Cleaner without the use of chemicals.

The DE 4002 (110/240v) professional steam cleaner provides cleaning without the use of chemicals. Providing steam up to 150°C this is the ideal cleaner where hygiene is essential. Outstanding performance and operator comfort makes this machine particularly efficient. Ideal for cleaning floors, tiles, machines, radiators and upholstery furniture. Twin water tanks permit short heating up times and allow for continuous operation as the unit can be topped up at any time guaranteeing continuous steam cleaning with a fibre-deep, germ reducing cleaning process.

- The 2-tank system makes it possible to keep heating time to a minimum.
- The unit can be topped up at any time during the cleaning operation, no cooling down or heating up times are required.
- Variable control of moisture content, from steam to hot water jet.
- Large 2.4 litre capacity producing up to 4000L of steam.
- Fully insulated rust proof aluminium steam boiler keeps the heat in.
- Ergonomic handle and protective design, enables easy transportation and protects it from knocks.
