

LOCTITE Instant Adhesives

Standard Super Glue

Household size instant adhesive for bonding metals, rubber, plastic and most non-porous materials in seconds.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
Standard	3g	-4010A	£2.46	£1.92
	5g	-4008A	£2.92	£2.28

401 - General Purpose

Instant adhesive for bonding ceramics, aluminium, steel, leather, fabric and paper in seconds. NSF P1 registered.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
401	3g	-5001A	£3.14	£2.45
	20g	-5003C	£19.85	£15.48
	50g	-5003F	£43.72	£34.10

406 - Rapid Cure - Rubber & Plastics

For rubber, plastics, EPDM, nitrile and neoprene. Replaces 495, 414 and 424. Use with Polyolefin Primer 770 for difficult to bond plastics and rubber such as polypropylene, silicone etc..

See Next Page For Primers

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
406	20g	-5008J	£19.85	£15.48
	50g	-5008L	£45.39	£35.40
	500g	-5008P	£360.47	£281.17

409 - Industrial Grade Instant Adhesive Gel

An ethyl cyanoacrylate adhesive of gel consistency for non-drip and non-run applications. Used for bonding applications where adhesive run-off or drip must be avoided.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
409	20g	-5013L	£27.24	£21.25

415 - General Purpose Instant Adhesive

A high viscosity cyanoacrylate, general purpose adhesive and is particularly suited to bonding of metals, rubbers and plastics.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
415	20g	-5016G	£20.78	£16.21
	50g	-5017H	£45.86	£35.77

431 - High Viscosity Adhesive

A high viscosity ethyl cyanoacrylate adhesive for general purpose bonding of rubbers, plastics and metals. Replaces 415, 416 and 422.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
431	20g	-5028B	£19.85	£15.48

454 - General Purpose Gel

Instant adhesive for greater control during application. Will not run or drip. Gel version of 401. *Improved 409. NSF P1 registered. 10ml requires syringe applicator supplied separately. Price on request.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
454	10g	-5028C	£15.12	£11.79
	20g	-5028D	£22.82	£17.80

LOCTITE

495 - Low Viscosity Instant Adhesive

Thin easy flowing general purpose instant adhesive. Suitable for close fitting small components and parts bonding on rubbers, plastics and metals.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
495	20g	-5056E	£20.78	£16.21
	50g	-5057G	£45.85	£35.76

4062 - Instant Adhesive/Ultra Fast Curing

Ideal for highest speed bonding of plastic, metal and rubber. Use with 770 polyolefin primer for difficult to bond plastics. Perfect for bonding material to lampshade frames, bonding small plastic ornaments/symbols to plastic base, rubber strips to clamp faces, rubber end pieces to plastic tubes and high strength locking of plastic fasteners. Replaces 420 and 493.

Product Number	Size	Order Code LOC-725	List Price/1	Offer Price/1
4062	20g	-5009L	£19.85	£15.48
		-5009P	£45.38	£35.40

Bostik

Engineering Adhesive

7432

General purpose medium viscosity cyanoacrylate, can be used on horizontal surface applications.
