The high strength of the shaft and head bond make the hammer virtually unbreakable.

STANLEY Ball Pein Hammers

Stanley hammers are manufactured from drop forged high carbon steel, with ground and polished faces. 'Evertite' fixed shafts secure the head to the shaft. Separate water and oil quenching of head ensures correct hardness.

Ball Pein

High strength graphite core surrounded by impact resistant polycarbonate jacket for protection against accidental overstrikes. Ribbed handle for improved user comfort and control helps reduce fatigue. Flared at the end.
