2m Titan Barrier	-4670B	£61.56
Hinge Connectors (Pk-10)	-6100M	£18.32
Foot for Titan Barrier	-6120P	£9.99

Road Wall Traffic Barrier System

The Roadwall traffic barrier system is highly versatile and is manufactured to an extremely high standard from impact resistant UV stabilised polyethylene. The Roadwall design incorporates a unique captive pin linking system that enables straight or curved configurations to be created. Each Roadwall unit measures 164x65x45cm (LxWxH) and can be weighted with either a sand ballast or water via a threaded filler at the top of the unit. There is a lower plug for easy drainage. To make it easier for the Roadwall units to be positioned in place each one has slots to allow a forklift to be used. Battery powered hazard lights can be mounted on the Road wall units in the integral recessed slot.

Unfilled Weight: 16Kg

NB. Only one unit supplied

Colour	Order Code	Offer Price/1
White	-9020C	£89.72
Red	-9000A	£89.72
