

**GROUP 978 ROPE, STRAPS & CHAINS**

**Bungees and Cargo Net**

Elasticated rope for temporary holding and securing of tarpaulins, luggage and many other uses. Quick and easy alternative to rope or twine. Simple to remove. Elastic stretches to 2x its length for maximum versatility.

**Standard Bungees**

18 - 36" or 24 - 48" elasticated rope with a steel hook at both ends. Supplied in packs of two. For general-purpose use.

18"

24"

Size (mm)	Pack Qty	Order Code JUM-978	Offer Price/Pk
460	2	-2110H	£2.49
610	2	-2120J	£3.49

**Spider Bungee**

8x 16 - 32" arms with steel hooks linked to a central holding ring. For holding down larger items.

Size (m)	Pack Qty	Order Code JUM-978	Offer Price/Pk
16 - 32 x 8	1	-2210R	£5.50

**Adjustable Bungee**

40 - 80" elasticated rope with length adjustable plastic hooks. Hooks incorporate a closing catch to prevent accidental removal. Supplied in packs of two. For use where bungee hook security is a concern.

Size (m)	Pack Qty	Order Code JUM-978	Offer Price/Pk
1 - 2	2	-2010A	£4.30

**Cargo Net**

750 x 750mm elasticated mesh with securing hooks. For securing larger or awkward loads.

Size (m)	Pack Qty	Order Code JUM-978	Offer Price/Pk
750 x 750mm	1	-4010A	£9.99

**Maintenance & Personal Protection**

**Ratchet Load-binders**

Capable of tensioning a chain safely. Won't spring open when in use and they do not open if the chain loses tension whilst in transit. When released there is no sudden release of pressure. Manufactured from drop-forged heat-treated steel for extra strength, and fitted with a quality easy action incremental ratchet. Supplied with a welded link and grab hook at both ends.

Product Code	Min/Max Chain Size	Min Breaking load	Handle Length	Weight	Order Code TTC-941	Offer Price/1
RLB6-8	6 - 8mm	3,500kg	182mm	1.60kg	-6080D	£13.00
RLB8-10	8 - 10mm	8,600kg	341mm	4.77kg	-6100F	£23.50
RLB10-12	10 - 12mm	14,900kg	354mm	5.86kg	-6120H	£27.00
RLB12-16	12 - 16mm	20,800kg	354mm	6.54kg	-6160K	£34.00

**Grade 8 Load Binder Chain**

High tensile short link chain with a black powder coated finish. It is designed to be used in conjunction with a Load Binder. Certificate of Conformity issued as standard.

Product Code	Chain Diameter	Inside Length	Working Load (Tonne)	Weight per m/kg	Order Code TTC-941	Offer Price/1
G8L/6	6mm	18mm	1.12	0.8	-2560K	£2.80
G8L/8	8mm	24mm	2.00	1.4	-2580M	£3.80
G8L/10	10mm	30mm	3.15	2.2	-2600P	£4.90

**PRITCHARD TY-RITE Polyester Industrial Load Straps**

Specifically designed to safely secure cargo for transport. The straps are chemical, rot and abrasion-resistant, unlike conventional methods of load securing. To prevent damaging, the straps are flat so that they will not cut into soft or semi-rigid cargo. If the cargo moves, the straps 'give' a little, absorbing any stresses. Straps are tensioned quickly and easily using ratchet tensioners. All straps are manufactured in accordance with **BS EN 12195-2 2001**.

**Plain Ended**

Supplied as a single unit with the ratcheting unit attached to one end of the strap. Tension is applied by looping around the cargo and threading back through the ratcheting unit.

Product Number	Minimum Break Strength (when new)	Length (m)	Width (mm)	Weight each	Order Code CTL-978	Offer Price/1
460	800kg	4.5	25	0.40kg	-6500A	£6.90
600	1000kg	6.0	25	0.90kg	-6510B	£11.80
809	2500kg	7.5	35	1.40kg	-6520C	£18.70
10KDR	5000kg	8.0	50	2.40kg	-6530D	£23.40

**With Hook End**

Supplied as a strap with one end hooked and the other end plain. The plain end is designed to thread through the separate ratcheting unit which has a short, hooked strap also attached to it.

Product Number	Minimum Break Strength (when new)	Length (m)	Width (mm)	Weight each	Order Code CTL-978	Offer Price/1
004	800kg	4.5	25	0.50kg	-6550E	£8.30
006	1000kg	6.0	25	1.10kg	-6560F	£13.70
